STATOTHR

1. I interviewed [REDACTED] on 7 February at the request of [REDACTED] formerly Security Officer the Mediterranean Theater for OSS, and now a lawyer in Philadelphia. I remember [REDACTED] slightly from Italy during the war.

2. He is personally pleasant and has an excellent education and considerable intellectual interest tending, I should say, to the artistic. He, on the other hand, seems to lack self-assurance and would, I judge, need considerable direction and supervision. He has a facility for languages and states that in his recent work with DP's, he felt he had been successful in handling and interrogating aliens. He might be extremely useful in any Agency program involving the training or interrogation of aliens. I believe he would accept a GS-11.

3. Prior to employment, it might be well to consult [REDACTED], former CO of OSS Company D in [REDACTED] to which [REDACTED] was assigned.

4. Incidentally [REDACTED] plans to make a trip to Spain in the near future. He would be willing to come down for interviews at any time.
